## JUNE PUBLIC LECTURE: MAKING RESPITE VISITS BENEFICIAL FOR EVERYONE

As a staff person, providing respite for a person living with dementia can sometimes leave us with not knowing what to do or what to say.

Join Laurie Ball, Social Programs Coordinator with the Alzheimer Society for a discussion on how to make these visits enjoyable and valuable for all of those involved. We will provide tips and strategies for making respite visits something to look forward to.

This presentation is intended for PSWs, Retirement Home Staff, Respite Care workers, and anyone visiting a person living with dementia.

**WHEN:**  
**Tuesday June 28th**  
**at 3:00pm**

**LOCATION:**   
**On ZOOM**
