## March Public Lecture: Head Injury and Dementia

Ashley Everets and Jenna McGill, from the Haldimand Abilities Centre, join Sandra Mallet from the Alzheimer Society for an informative discussion about head injuries and dementia. Different types of head injuries will be discussed and the possible connection to increased risk of developing a dementia in the years ahead. We will explore ways to support a person living with a head injury as well as a person living with dementia because of a head injury. The presentation will include time for a question-and-answer period.

**Date: Thursday March 23, 2023**

**Time: 2:00pm-3:00pm**

**To register: [click here](#) (this event is hosted virtually on Zoom)**

**Questions? Call 905-529-7030 [ext 211]**
