(Questions with Answers)

1. Which word finishes the saying “April showers bring May \_\_\_\_\_”:  
birds or flowers?

**Answer:** Flowers. According to folklore, if the month of April is cold, the barn will fill for farmers. It is also the time for people to carry umbrellas and wear rain boots.

2. Which is a style of dance: running or ballet?

**Answer:** Ballet. Ballet is a lyrical dance that tells a story through movement. The art of ballet was adapted in the 19th century to include pointe work, or the balance on the very tip of the dancers’ toes.

3. Which is a topping found on popcorn: chili pepper or butter?

**Answer:** Butter. The first commercial popcorn machine was invented by a candy-store owner. His invention was derived from the machine used to roast peanuts. The first bag of microwavable popcorn was invented in 1981 by the General Mills company. Microwavable popcorn gives people a quick and easy way to make popcorn at home.

4. Which is a famous brand of jewelry known for its blue packaging:  
Nike or Tiffany’s?

**Answer:** Tiffany’s. The famous Tiffany Blue was trademarked in the mid-19th century. The iconic blue boxes are to be given to customers only when a purchase is made. They are the only thing unavailable for purchase in the store.

5. What is the name of the hairstyle characterized by two ponytails and worn by little girls: pompadour or pigtails?

**Answer:** Pigtails. The average head has 100,000 hair follicles. Most people reach the peak thickness of their hair at the age of 20.

6. How many degrees are in a right angle: 45 or 90?

**Answer:** 90. A 45-degree angle is called an acute angle. The right angle is the most common angle. A corner of a room is an example of a right angle.

7. Who would you call to fix broken or clogged pipes: firefighter or plumber?

**Answer:** Plumber. Some of the most common household items to clog pipes include children's toys, fats/grease, and fruit peels.

8. Which type of boat uses paddles to maneuver across the water: a tugboat or rowboat?

**Answer:** Rowboat. Rowing is one of the original sports in the modern Olympic Games. An eight-oared shell measures 60 feet long. That is equivalent to 20 yards on a football field.

9. Which country is known for its tulips: France or Holland?

**Answer:** Holland. There are over 100 varieties of tulips. Tulip Mania in Holland began in 1633. The demand for tulips surged, and the cost for new varieties of bulbs caused people to mortgage their houses or business to afford them.

10. Which country is located on the continent of Europe: Colombia or Poland?

**Answer:** Poland. Poland is located in the exact center of the European continent. The country was the first European country to have a constitution.

11. Which is something you can recycle: Styrofoam or plastic water bottles?

**Answer:** Plastic water bottles. It is estimated that one million plastic bottles are sold every minute.

12. Which phrase finishes the saying “Diamonds are a \_\_\_\_\_”:  
boy’s best friend or girl’s best friend?

**Answer:** Girl’s best friend. Diamonds are the most popular gemstones. Diamonds are the hardest naturally occurring substance made of pure carbon.

13. Which animal is a mammal: spider or elephant?

**Answer:** Elephant. Elephants are the largest land mammal and the only mammal unable to jump.

14. For which holiday do people often decorate eggs: Earth Day or Easter?

**Answer:** Easter. The earliest-known decorated Easter egg dates back to the 13th century. Lucy Hayes is credited with hosting the first Easter Egg Roll in 1878 at the White House.

15. Which event is part of a track and field meet: baseball or long jump?

**Answer:** Long jump. The current long-jump record was set November 10, 1991, by American Mike Powell. He jumped a distance of 8.95 meters.
