# EZ Does It Trivia

(Questions with Answers)

1. What do you freeze to make ice cubes: soda or water?

**Answer:** Water. Ice freezes at 32 degrees Fahrenheit. **Fun fact:** Approximately 10 percent of Earth's land mass is covered in ice. The oldest ice is found in Antarctica, dating back almost one million years.

2. Which is a type of cheese: tomato or mozzarella?

**Answer:** Mozzarella. Mozzarella cheese was first made in Italy. It was originally made from the milk of the water buffalo.

3. Which type of footwear would a person wear to go running: boots or sneakers?

**Answer:** Sneakers. One of Nike's greatest inventions, the waffle sole was inspired by the waffle iron. Inventor Bill Bowerman noticed the grid on a waffle iron and thought the pattern was what Nike sneakers needed for better traction, and the rest is history.

4. Which is a popular taco topping: cucumber or tomatoes?

**Answer:** Tomatoes. Tomatoes are not only red in color. Other colors include pink, purple, yellow, black, and white. The largest tomato plant can be found in Walt Disney World. It is larger than an Olympic-sized pool.

5. Which is a popular gift for Mother's Day: a tie or flowers?

**Answer:** Flowers. Popular types of flowers to give Mom include roses, tulips, orchids, and peonies.

6. What is the brightest star in the sky: Mercury or the sun?

**Answer:** The sun. The sun is the only source of natural light for our entire solar system. It takes eight minutes for the natural light to reach Earth from the sun.

7. Which island is closer to Australia: Hawaii or New Zealand?

**Answer:** New Zealand. New Zealand is home to many unique animals, including birds that have lost their ability to fly, like the kiwi.

8. Which is a type of currency in Europe: the yen or the euro?

**Answer:** Euro. The euro was first introduced in 1999, and EU nations began to make the switch. Twenty years later, 75 percent of EU nations were using the euro as their sole currency, and the remaining nations were working toward the goal.

9. Which tool is used by doctors to check on patients: a wrench or a stethoscope?

**Answer:** A stethoscope. The earliest stethoscope dates back to France when a simple paper tube was used to listen to a person's chest.

10. Which company makes cameras: IBM or Polaroid?

**Answer:** Polaroid. Polaroid made the first instantaneous photo camera, in 1947. The photos took 60 seconds to form a sepia-colored image after exposure.

11. What device is used to adjust temperatures inside of buildings: an egg timer or a thermostat?

**Answer:** A thermostat. In some "smart" homes, you can use your mobile phone to control the thermostat.

12. Which electronic device plays movies at the movie theater: a camcorder or a projector?

**Answer:** A projector. The very first theater to open with a projector was the Electric Theater in Los Angeles in 1902.

13. Finish the saying: "Speak softly and carry a big \_\_\_\_\_": mouth or stick?

**Answer:** Stick. The phrase was used by Teddy Roosevelt to describe his foreign policy.

14. Where do you take delicate clothing to be cleaned properly: the haberdashery or the dry cleaners?

**Answer:** The dry cleaners. Dry cleaning started in the 1820s in New York. There has been little change in the dry-cleaning process since then.

15. Which is a type of road sign: banner or speed limit?

**Answer:** Speed limit. Earliest speed-limit signs date back to the 1920s. The speed limits were posted only at city limits at the time.

16. Which type of head covering is worn at the Kentucky Derby: baseball hat or derby hat?

**Answer:** Derby hat. The popularity of wearing derby hats started in the 1960s. During this time, the hats became larger and more vibrant. Some people attend the Derby specifically for the hats.
