EZ Does It Trivia

(Questions with Answers)

1. What actor/singer is known by the nickname “The Schnoz”: Clark Gable or Jimmy Durante?

Answer: Jimmy Durante. Durante was awarded two stars on the Hollywood Walk of Fame for motion pictures and radio.

2. What type of racing does Mario Andretti participate in: drag racing or IndyCar?

Answer: IndyCar. Mario Andretti is one of few drivers in the world to win the Daytona 500, Indianapolis 500, and the Formula One World Championship.

3. What coin can Susan B. Anthony’s likeness be found on: penny or dollar?

Answer: Dollar coin. Susan B. Anthony was the first woman to appear on a coin.

4. What artist is known for his covers of *The Saturday Evening Post*: Picasso or Norman Rockwell?

Answer: Norman Rockwell. Rockwell illustrated a total of 322 covers for *The Saturday Evening Post* over a 47-year span.

5. What color is a polar bear’s fur: brown or white?

Answer: White. Polar bears can weigh as much as a grand piano, and they swim six miles per hour.

6. What two colors are used to make pink? Red and _____: orange or white?

Answer: White. The shade of pink is said to be a calming color. It is linked to innocence, hope, and optimism.

7. What celebration is known as Fat Tuesday: Chinese New Year or Mardi Gras?

Answer: Mardi Gras. Mardi Gras' key colors are green, purple, and gold. The colors have separate meanings: green is for faith, gold is for power, and purple is for justice.

8. Which animal is a common household pet: bald eagle or Maine Coon?

Answer: Maine Coon. They are large, domesticated cats. **Fun fact:** A cat's whiskers are as sensitive as a human fingertip.

9. Which vehicle is able to travel easily over snow: a scooter or a snowmobile?

Answer: Snowmobile. The snowmobile dates to the 1920s. It was invented in Quebec, Canada.

10. Which is a primary ingredient found in cakes: salt or flour?

Answer: Flour. Wheat flour is the most common flour used today, although alternatives are increasing in popularity as more consumers develop sensitivities to gluten.

11. Which is a type of bird: a goldfish or a woodpecker?

Answer: Woodpecker. There are 23 species of woodpeckers native to the United States and a total of 160 species worldwide. The only continents without woodpeckers are Australia and Antarctica.

12. Which is a type of nut: sunflower or pecan?

Answer: Pecan. The pecan dates to the 16th century. It is the only major nut tree that grows in North America, providing 80 percent of the world's crop.

13. What is the longest bone in the human body: phalanges or femur?

Answer: Femur. The femur, or thigh bone, is the hardest and strongest bone in the human body. An average adult femur measures 18 inches long.

14. What element causes balloons to float: oxygen or helium?

Answer: Helium. Helium is the second-lightest noble gas after hydrogen. When the gas is cooled to zero degrees, it becomes a fluid.

15. Which vegetable is red: mushrooms or beets?

Answer: Beets. Beets are a root vegetable that grows in the ground. Their juice can be used as red dye.

16. Who sings the song "Blueberry Hill": John Denver or Fats Domino?

Answer: Fats Domino. "Blueberry Hill" was originally sung by Gene Autry before becoming Fats Domino's biggest hit in 1956.
