EZ Does It Trivia

(Questions with Answers)

1. What fruit has a reddish flesh and a green outer rind: cantaloupe or watermelon?

Answer: Watermelon. There are more than 300 varieties of watermelon. The watermelon's origins can be traced back to the deserts in southern Africa.

2. What journalist wrote an advice column: Ernest Hemingway or Ann Landers?

Answer: Ann Landers. By 1993, the Ann Landers advice column was in 1,200 newspapers daily and had 90 million readers.

3. What Golden Age of Hollywood actress was nicknamed "America's Mermaid": Greta Garbo or Esther Williams?

Answer: Esther Williams. As a teenager, Williams set a record in the 100-meter breaststroke in 1939. She earned a spot on the Olympic team in 1940 but never competed due to the games being canceled.

4. What science teacher is known for teaching human evolution, which led to the Scopes Monkey Trial: Napoleon Bonaparte or John T. Scopes?

Answer: John T. Scopes. Scopes was a teacher in Tennessee. The jury of the trial did not need much time to deliberate; he was found guilty in a matter of minutes and fined \$100.

5. Which fashion designer is known for the perfume Chanel No. 5: Yves St. Laurent or Coco Chanel?

Answer: Coco Chanel. Coco Chanel was on top of couture fashion for six decades. She is known for her iconic perfume, quilted purses, little black dress, costume jewelry, and the Chanel suit.

6. Which is the largest cat in the world: bobcat or tiger?

Answer: Tiger. India is home to the largest population of wild tigers. Did you know? Tigers travel six to 12 miles to hunt for their prey.

7. What actor played the original James Bond (aka “007”): Christopher Reeve or Sean Connery?

Answer: Sean Connery. The distinguished actor began in the theater, and his first appearance was in the musical *South Pacific*. The James Bond role made him a star. He starred in seven Bond films between 1962 and 1983.

8. Which artist is known for his pop artwork of Campbell’s Soup cans: Norman Rockwell or Andy Warhol?

Answer: Andy Warhol. Warhol’s first works were displayed publicly in April 1961 in the window of Bonwit Teller, a luxury department store in New York City.

9. Which sport is played at the U.S. Open Championship in New York every year: soccer or tennis?

Answer: Tennis. This championship is one of the oldest tennis competitions, established in 1881. The competition evolved from a men’s-only tournament to one including men’s, women’s, singles, and doubles events.

10. Which famous dam is named after a U.S. president: Victoria Falls or Hoover Dam?

Answer: Hoover Dam. Named after President Herbert Hoover, the Hoover Dam is a major U.S. tourist attraction, with over seven million visitors each year. The dam turns 17 turbines that create energy.

11. Which animal has a hump on its back: elephant or camel?

Answer: Camel. Camels are native to desert locations. They can survive one week without water. The fat stored in their humps is used for energy when they can't find adequate food and water.

12. Which sport is played with an orange-and-black ball: soccer or basketball?

Answer: Basketball. The sport was invented by James Naismith in 1891 in Springfield, Massachusetts. Naismith was a physical education teacher at the time.

13. Which member of the Jackson 5 was the most successful: Jermaine Jackson or Michael Jackson?

Answer: Michael Jackson. Michael Jackson was the youngest member of the Jackson 5. He is one of the best-selling music artists in history.

14. Which tool is used to measure angles in mathematics: ruler or protractor?

Answer: Protractor. The simplest protractor has a semi-circle shape and measures angles up to 180 degrees.

15. In what room would a photographer develop film: a studio or a dark room?

Answer: A dark room. The use of dark rooms began in 1839, when Louis-Jacques-Mandé Daguerre developed an image on a silvered copper plate with the use of mercury and no negative.
