Upcoming Special Events

Understanding Treatments for Alzheimer's Disease: New Advances, and the Importance of Early Diagnosis

Join Dr. Jo-Anne Clarke, Medical Director at the North East Specialized Geriatric Centre, for an overview of the current treatments available for Alzheimer's disease, including newer disease-modifying therapies (DMTs) and how they work. This webinar will explore recent advances in treatment and discuss why early diagnosis is increasingly important for accessing care and treatment options. Participants will gain practical, evidence-based information to better understand today's evolving Alzheimer's treatment landscape.

Speaker: Dr. Jo-Anne Clarke

Dr. Jo-Anne Clarke serves as the Medical Director for the North East Geriatric Centre at HSN, and as a full-time Geriatrician. Her clinical work includes outpatient practice and inpatient consultation, telemedicine consultation, regional capacity building and clinical outreach. She is also Medical Director, Community Paramedics – LTC program for the City of Greater Sudbury and the Specialized Geriatric Services Clinical Lead, Ontario Health North East. She is the current Vice-Chair of the advisory committee of the Provincial Geriatric Leadership Office, Co-Chair of the Ontario Dementia Task Force. In 2024, she received the Order of Ontario for her work in geriatric care.

Date: Monday, September 21, 2026, at 4:00pm-5:00pm (Eastern Time)/ 3:00pm - 4:00pm (Central Time)

Intended audience: General Public, Care Partners, Health Care Providers

Upcoming Webinars on ALZeducate | **September 2026**

Dementia-Friendly Communities: Vision Services

A Dementia-Friendly Community is a place where people living with dementia and their care partners are welcomed, included, and supported. It is a community that pays attention to the social and physical needs of the person living with dementia. This webinar is ideal for members of vision services (retail or support organizations) to find out how they can create a dementia-friendly community.

This presentation will cover:

- Understanding dementia and the lived experience
- The common signs of dementia
- Strategies for interaction

Date: Monday, September 28, 2026, at 10:00am-11:00am (Eastern Time)

Intended audience: General Public, Care Partners, Health Care Providers

To Register: [Click here](#)

Brain Health

Goals of this presentation include understanding the risk factors associated with developing dementia, recognizing how lifestyle plays a role in your risk of developing dementia, and taking action to support brain health.

Date: Monday, September 28, 2026, at 4:00pm-5:00pm (Eastern Time)

Intended audience: General Public, Care Partners, Health Care Providers
